

5. Mr. McTigue, Counsel to the Kersten Committee on Communist Aggression, called me on 14 April to inquire whether the Committee could utilize the Romanian defector Georgescu and his 2 sons ~~and~~ at the forthcoming hearings in New York. He called us under the misapprehension that Georgescu was under our control. I have informed him that this is not the case and that he could approach Georgescu in any manner he saw fit. *15 Apr.
